11a. Describe your progress meeting each major activity/milestone approved in the Baseline Report for this project; any challenges or obstacles encountered and mitigation										
strategies you have employed; planned major activities for the next quarter; and any additional project milestones or information.										
Milestone Activities: Although we did not anticipate holding any stakeholder meetings this quarter, a regional NGA meeting was attended in Denver, CO. Several existing state										
employees were able to begin work on SLIGP. We intended for our Program Manager to be hired this quarter, but that individual did not start until October 21, 2013. We held one										
governance body meeting with the intent to begin identifying our working group. We had a number of questions about SLIGP in general and plan to follow up with additional										
information in the next quarter.										
We contin	ue to work on defining re									
11b. If the	project team anticipate	s request	ting any changes to the approved	Baseline Report in th	ne next quarter	, describe those below	. Note	that any substantive changes to the		
Baseline R	eport must be approved									

After evaluation of our submitted working group representatives, we believe we will need to revisit the disciplines being represented and potentially revise those numbers which may result in a change to the detailed budget spreadsheet.

# 11c. Provide any other information that would be useful to NTIA as it assesses this project's progress.

As of October 23, 2013, we still did not have access to our federal drawdown. We found the phone call on October 22, 2013, where you discussed potential SLIGP workshop topics to be very beneficial as we were able to hear that other state's echoed the questions that Nebraska has with regards to a clear and defined roadmap for the vision of this project.

# 11d. Describe any success stories or best practices you have identified. Please be as specific as possible.

Nebraska has been able to participate in several national conferences, APCO, NASTD and NASCIO, where there have been speakers from the FirstNet Board. It has been valuable to hear firsthand from FirstNet Board members and staff the progress that is being made and learning more about our responsibilities.

#### 12. Personnel

12a. If the project is not fully staffed, describe how any lack of staffing may impact the project's time line and when the project will be fully staffed. This quarter the project was not fully staffed. Program Manager start date is October 21, 2013.

# 12b. Staffing Table

Job Title	FTE %	Project(s) Assigned	Change
Chief Information Officer	.05%	Point of Contact for the SLIGP in Nebraska.	
IT Administrator	.10%	Administrative Point of Contact for the SLIGP in Nebraska	
State Patrol Major	.05%	Attended FirstNet conference	
Assistant Fire Marshal	.05%	Attended FirstNet conference

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a currently valid OMB control number. Public reporting burden for this collection of information is estimated to average 10 hours per response for the application process, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Michael Dame, Director, State and Local Implementation Grant Program, Office of Public Safety Communications, National Telecommunications and Information Administration, U.S. Department of Commerce (DOC), 1401 Constitution Avenue, N.W., HCHB, Room 7324, Washington, D.C. 20230.

Second Modification resubmitted 11/20/13 after review by our Federal Program Officer Claudia Wayne.
