-----**Service Area:** BSI CABLE MISS 6

Submitter: Cellular South

Comment: Respondent, Cellular South, Inc., is a privately held Mississippi corporation and commercial mobile radio service provider which provides wireless telecommunications and broadband data services to its customers throughout the State of Mississippi, in western Tennessee, in southern Alabama, and northwest Florida. Respondent operates a broadband data transmission network in the State of Mississippi which utilizes Evolution Data Optimized (“EvDO”) technology which provides data transmission speeds up to a maximum of 3.0 mbps downstream and 1.0 mbps upstream. Respondent’s EvDO network is deployed in all or part of Applicant’s proposed service area and, therefore, no portion of Applicant’s proposed service area where Respondent’s EvDO service is deployed is unserved because Respondent’s EvDO service is accessible by 100% of the households in Respondent’s service area. Respondent notes that actual wireless coverage and broadband data transmissions may vary due to atmospheric conditions, customer equipment, and/or system limitation
