

Broadband USA Applications Database

Applicant Name: GlenMartin, Inc.

Public Notice Submissions

-----**Service Area:** 3 Princeton Sullivan

Submitter: GVNW Consulting, Inc

Comment: Grand River Mutual Telephone Company is capable of providing broadband at speeds of at least 768Kbps down and 200 Kbps up to 100% of its customers in all of its exchanges where WindTalk's application overlaps GRM's service territory with the majority of customers able to receive broadband at 3.0 Mbps. Over 90% of GRM's broadband customers receive service at 6.0 Mbps. GRM's territory is neither unserved nor underserved.

Submitter: Northeast Missouri Rural Telephone Company

Comment: The application submitted by GlenMartin, Inc contains inaccurate and incomplete information for the proposed funded service area. Northeast Missouri Rural Telephone Company (NEMR) demonstrates that it provides broadband service with download speeds greater than 768K to 100% of the households and businesses located within its service territory. As such, this area is "SERVED" based on the definitions as established in the Notice of Funds Availability (NOFA). In this public notice response NEMR is providing; 1) a map of the overlapping area where NEMR provides broadband services, 2) NEMR's DSL high speed Internet advertising 3) the number of residential households and business establishments capable of receiving broadband services from NEMR within our service area, 4) the number of residential households and business establishments subscribing to our broadband, which is 48.7% of households and 71.0% of businesses; 5) the advertised download and upload speeds and service rates, and 6) comments addressing the existing services offered within the proposed funded service area.

-----**Service Area:** 3 Princeton Putnam

Submitter: Northeast Missouri Rural Telephone Company

Comment: The application submitted by GlenMartin, Inc contains inaccurate and incomplete information for the proposed funded service area. Northeast Missouri Rural Telephone Company (NEMR) demonstrates that it provides broadband service with download speeds greater than 768K to 100% of the households and businesses located within its service territory. As such, this area is “SERVED” based on the definitions as established in the Notice of Funds Availability (NOFA). In this public notice response NEMR is providing; 1) a map of the overlapping area where NEMR provides broadband services, 2) NEMR’s DSL high speed Internet advertising 3) the number of residential households and business establishments capable of receiving broadband services from NEMR within our service area, 4) the number of residential households and business establishments subscribing to our broadband, which is 50.4% of households and 71.0% of businesses; 5) the advertised download and upload speeds and service rates, and 6) comments addressing the existing services offered within the proposed funded service area.

-----**Service Area:** 3 Princeton Harrison

Submitter: Mediacom Communications Corporation

Comment: A large number of households in applicant's proposed service area are currently served by Mediacom. Broadband speeds well in excess of the minimum broadband speeds set forth in the NOFA are currently available within the applicant's proposed service area. For its part, Mediacom advertises and provides broadband services within the proposed service area at speeds up to 20 Mbps.

-----**Service Area:** 3 Princeton Schuyler

Submitter: Mark Twain Rural Telephone Company

Comment: The application submitted by GlenMartin, Inc. contains inaccurate and incomplete information and, consistent with the NOFA, should be rejected. GlenMartin, Inc. incorrectly classifies a significant portion of the proposed service area that is currently being served by Mark Twain as “unserved” and / or “underserved” as defined by the NOFA. Mark Twain responds by providing evidence and supporting documentation to prove that these areas served by Mark Twain are in fact adequately “served” with copper, wireless and / or fiber optic facilities. Mark Twain herein provides proof that all subscribers in the designated areas served by Mark Twain have access to adequate and affordable broadband service that exceeds 3 Mbps. As such, the proposed service area contained in the

application that is currently served by Mark Twain should not be eligible for funding according to the NOFA rules and regulations posted by NTIA and RUS.

Submitter: Northeast Missouri Rural Telephone Company

Comment: The application submitted by GlenMartin, Inc contains inaccurate and incomplete information for the proposed funded service area. Northeast Missouri Rural Telephone Company (NEMR) demonstrates that it provides broadband service with download speeds greater than 768K to 100% of the households and businesses located within its service territory. As such, this area is "SERVED" based on the definitions as established in the Notice of Funds Availability (NOFA). In this public notice response NEMR is providing; 1) a map of the overlapping area where NEMR provides broadband services, 2) NEMR's DSL high speed Internet advertising 3) the number of residential households and business establishments capable of receiving broadband services from NEMR within our service area, 4) the number of residential households and business establishments subscribing to our broadband, which is 37.6% of households and 71.0% of businesses; 5) the advertised download and upload speeds and service rates, and 6) comments addressing the existing services offered within the proposed funded service area.
