

## Broadband USA Applications Database

**Applicant Name:** Western Independent Networks, Inc.

---

### Public Notice Submissions

---

-----**Service Area:** Central Access Points

**Submitter:** WaveDivision Holdings, LLC

**Comment:** WaveDivision Holdings, LLC (“Wave”) is a facilities-based, terrestrial provider of high speed Internet, cable television and telephone services. Wave challenges the implicit assertion incorporated in the middle mile application of Western Independent Networks, Inc. (“Applicant”) and is filing this objection to Applicant’s application for federal funding because Wave currently has fiber facilities in the proposed funded service area that are made widely available for use as middle mile connections.

-----**Service Area:** Northern Access Points

**Submitter:** WaveDivision Holdings, LLC

**Comment:** WaveDivision Holdings, LLC (“Wave”) is a facilities-based, terrestrial provider of high speed Internet, cable television and telephone services. Wave challenges the implicit assertion incorporated in the middle mile application of Western Independent Networks, Inc. (“Applicant”) and is filing this objection to Applicant’s application for federal funding because Wave currently has fiber facilities in the proposed funded service area that are made widely available for use as middle mile connections.

**Submitter:** Qwest

**Comment:** As authorized by the BIP and BTOP Notice of Funds Availability and the Public Notice associated with the publication of BIP and BTOP broadband infrastructure project funding applications found on the BroadbandUSA.gov website, Qwest responds with broadband service data to the application of Western Independent Networks, Inc., Northern Access Points for funding for an area neither represented as “unserved” nor “underserved” that is located, in whole or in part, in Qwest’s broadband service area.
