

## Broadband USA Applications Database

**Applicant Name:** OpenBand of Virginia, LLC

---

**Public Notice Submissions**

---

-----**Service Area:** Loudoun Light Funded Service Area

**Submitter:** Comcast Cable

**Comment:** Attached is a summary of the Comcast Cable homes passed, subscriber and advertising information related to the service areas encompassed by this application.

**Submitter:** Roadstar Internet Inc

**Comment:** Roadstar Internet along with Loudoun Wireless, Lucketts.net, Comcast and Verizon already provide advanced fixed broadband services to a vast majority of the homes and businesses in the proposed service area. This middle mile project is unlikely to improve broadband availability for the small number of locations that are still unable to get broadband from one of these providers.
