

Broadband USA Applications Database

Applicant Name: F&B Communications, Inc.

_____Public Notice Submissions_____

-----**Service Area:** Delmar

Submitter: Iowa Telecom

Comment: Applicant proposes to offer broadband services outside the town of Delmar, IA. Iowa Telecom is the incumbent local exchange carrier in Delmar and already offers 1.5 mbps broadband last-mile service in much of the proposed service area. Iowa Telecom has filed a competing application seeking to provide fiber middle-mile and 3 to 15 mbps last mile services in Delmar. Based on the variety of broadband services that it already offers in Delmar, Iowa Telecom asks that this application be rejected.

Submitter: Qwest

Comment: As authorized by the BIP and BTOP Notice of Funds Availability and the Public Notice associated with the publication of BIP and BTOP broadband infrastructure project funding applications found on the BroadbandUSA.gov website, Qwest responds with broadband service data to the application of ____ (Name of applicant and service area) _____ for funding for an area represented as “underserved” that is located, in whole or in part, in Qwest’s broadband service area.

-----**Service Area:** bennett

Submitter: Iowa Telecom

Comment: Applicant proposes to offer broadband services outside the town of Bennett, IA. Iowa Telecom is the incumbent local exchange carrier in Bennett and already offers 1.5 mbps broadband last-mile service in much of the proposed service area. Iowa Telecom has filed a competing application

seeking to provide fiber middle-mile and 3 to 15 mbps last mile services in Bennett. Based on the variety of broadband services that it already offers in Bennett, Iowa Telecom asks that this application be rejected.

-----**Service Area:** Lowden

Submitter: Iowa Telecom

Comment: Applicant proposes to offer broadband services outside the town of Lowden, IA. Iowa Telecom is the incumbent local exchange carrier in Lowden and already offers 1.5 mbps broadband last-mile service in much of the proposed service area.
