-----**Service Area:** Birmingham (AL)

**Submitter:** Bright House Networks, LLC

**Comment:** In support of NTIA and RUS' efforts to optimize the distribution of the scarce resources available under the ARRA Broadband NOFA, Bright House Networks is providing additional data related to this Applicant's planned service areas. This application includes service areas which are not unserved nor underserved.

-----**Service Area:** Union (SC)

**Submitter:** Charter Communications

**Comment:** Charter Communications ('Charter'), a broadband service provider, has invested capital to provide a full range of Broadband services, including High Speed Internet services, in this service area. The applicant's request in the proposed under-served service area would create an overlap in Charter's service area. Charter's response includes the necessary information to validate the overlapping condition as a result of this applicant's request

-----**Service Area:** Cheraw (SC)

**Submitter:** Sandhill Telephone Cooperative

**Comment:** Sandhill Telephone Cooperative, Inc. ("Sandhill") is responding to the application of Elauwit Community Enhancement Foundation LLC for broadband funding under the ARRA. The applicant's Proposed Funded Service Area encompassing only the cul-de-sac of Blassengale Drive in Chesterfield, South Carolina does not meet the definition of "underserved" as defined in the NOFA. There are other Proposed Funded Service Areas drawn on this map, but they are not located in Sandhill's service territory.

Sandhill's Chesterfield exchange overlaps 100% of the Proposed Funded Service Area located in Chesterfield as drawn by the applicant and as drawn by the respondent in the Public Notice Response form. 100% of Sandhill's customers in the Proposed Funded Service Area have access to broadband service at advertised speeds of 3 Mbps or higher in the overlapping area thereby refuting two of the three criteria required for an area to be designated as underserved.
