

Broadband USA Applications Database

Applicant Name: WaveMax Corporation

Public Notice Submissions

-----**Service Area:** ID2 Rockdale

Submitter: Suddenlink Communications

Comment: This response conclusively demonstrates that Suddenlink and its competitors already offer robust broadband service within the mapped area of the applicant's proposed funded service area and that this mapped area is neither unserved nor underserved. Additional information is provided in the uploaded document, including (1) sample marketing material; (2) a guide on how to read the data we entered in the "Existing Broadband Subscribers" section of this response; (3) a summary of the vendor and methodology used for estimating competitive-service subscribers in the mapped area; (4) Suddenlink contact information, should one or more federal agencies have questions or require additional information; and (5) a summary of concerns with the response process and the limitations that process has placed on our ability to provide NTIA/RUS with relevant, timely data.

-----**Service Area:** ID2 Somerville

Submitter: Texas Communications

Comment: Texas Communications provides high-Speed wireless Internet to the following counties in central Texas: Brazos, Robertson, Grimes, Burleson and Milam. The PNF in question would provide government funding to directly compete against our privately funded enterprise and increase competition in an already crowded marketplace.

Submitter: Reveille Broadband

Comment: Reveille Broadband is a cable TV and Broadband service provider based in Central Texas. Reveille Broadband has a franchise with the City of Somerville to provide service there, as well as a State of Texas issued franchise to provide service in Lyons and the surrounding rural area. Reveille Broadband acquired the system in February of 2009 and began upgrading it in March of 2009. It has recently

launched both Broadband Internet and a 200 channel digital cable package. The company plans to begin offering VoIP in January and estimates that it will have 600 Broadband customers here within the next year. Reveille Broadband competes for its customers with Verizon (video, voice and data) as well as the incumbent wireless Broadband provider.
