

Broadband USA Applications Database

Applicant Name: City of Rockford

Public Notice Submissions

-----**Service Area:** winn_boone

Submitter: Charter Communications

Comment: Charter Communications ('Charter'), a broadband service provider, has invested capital to provide a full range of Broadband services, including High Speed Internet services, in this service area. The applicant's request in the proposed un-served service area would create an overlap in Charter's service area. Charter's response includes the necessary information to validate the overlapping condition as a result of this applicant's request.

Submitter: AT&T

Comment: AT&T is providing data about its wireline and mobile broadband footprint to assist in determining whether the applicant's proposed service area, which may be part of a larger application and project, satisfies the unserved and underserved eligibility requirements. Additional information regarding other broadband service providers' currently operating in the service area may be needed in order to make a reasonable analysis or a conclusive determination.

Submitter: Comcast Cable

Comment: Attached is a summary of the Comcast Cable homes passed, subscriber and advertising information related to the service areas encompassed by this application.

Submitter: T6 Wireless, Inc.

Comment: T6 Broadband / Essex Telcom Inc. a facility based CLEC which provides wireline and wireless services using UNE-L DSL loops and FCC Part-15 license-exempt and licensed spectrum to deliver broadband service in the proposed funded service areas, is providing information that shows that the proposed funded service area has 3 TO 20 Mbps advertised broadband service, with over 76 % of households requesting service are able to get service from T6 in this market area. The proposed application does not seem to qualify as un-served or underserved per the definitions of the NOFA. T6 is able to provide service to over 87% percent of the area in the counties.
