

Broadband USA Applications Database

Applicant Name: Vanu Coverage Co.

Public Notice Submissions

-----**Service Area:** N Maine

Submitter: Bee Line, Inc.

Comment: Bee Line, Inc. provides broadband service of greater than 3 Mbps to the following areas identified as either unserved or underserved by Vanu Coverage Co., in the following towns: Millinocket and East Millinocket, ME.

Submitter: Time Warner Cable

Comment: As shown in the attached map and exhibit, TWC currently provides broadband Internet access service in the Proposed Funded Service Area. In addition, we advertise service of speeds above 3 Mbps throughout this service area. We pass over 50% of households, and either (1) have actual broadband subscribership of over 40% of the households in these census blocks or (2) the combined broadband subscribership of the wireline broadband providers (including TWC) in these census blocks is reasonably likely to exceed 40%. Therefore, that portion of the proposed funded service area that overlaps Respondent's service area reflected in this response is neither "unserved" or "underserved."
