

Broadband USA Applications Database

Applicant Name: Clear Network Communications, Inc.

Public Notice Submissions

-----**Service Area:** Sierra Triangle II

Submitter: Smarter Broadband

Comment: Smarter Broadband, a facilities-based Wireless ISP using FCC Part-15 license-exempt spectrum to deliver broadband service in the proposed funded service areas, is providing information that shows that the proposed funded service area has 3 Mbps advertised broadband service, over 50% broadband coverage and over 40% broadband subscriber penetration and does not qualify as unserved or underserved per the definitions of the NOFA.

Submitter: Suddenlink Communications

Comment: This response conclusively demonstrates that Suddenlink and its competitors already offer robust broadband service within the mapped area of the applicant's proposed funded service area and that this mapped area is neither unserved nor underserved. Additional information is provided in the uploaded document, including (1) sample marketing material; (2) a guide on how to read the data we entered in the "Existing Broadband Subscribers" section of this response; (3) a summary of the vendor and methodology used for estimating competitive-service subscribers in the mapped area; (4) Suddenlink contact information, should one or more federal agencies have questions or require additional information; and (5) a summary of concerns with the response process and the limitations that process has placed on our ability to provide NTIA/RUS with relevant, timely data.
