

Broadband USA Applications Database

Applicant Name: WaveDivision Holdings, LLC

_____ **Public Notice Submissions** _____

-----**Service Area:** COLFAX

Submitter: Smarter Broadband

Comment: Smarter Broadband, a facilities-based Wireless ISP using FCC Part-15 license-exempt spectrum to deliver broadband service in the proposed funded service areas, is providing information that shows that the proposed funded service area has 3 Mbps advertised broadband service, over 50% broadband coverage and does not qualify as unserved or underserved per the definitions of the NOFA.
