

## Broadband USA Applications Database

**Applicant Name:** City of Glendale

---

### Public Notice Submissions

---

-----**Service Area:** Central Glendale

**Submitter:** AT&T

**Comment:** AT&T is providing data about its wireline and mobile broadband footprint to assist in determining whether the applicant's proposed service area, which may be part of a larger application and project, satisfies the unserved and underserved eligibility requirements.

Additional information regarding other broadband service providers'

currently operating in the service area may be needed in order to make

a reasonable analysis or a conclusive determination. AT&T has attempted to use the available manual mapping tool, to the best of its ability, to approximately depict its combined wireline and 3G mobile broadband service area footprint overlaid on the Applicant's proposed funded service area.

**Submitter:** Charter Communications

**Comment:** Charter Communications ('Charter'), a broadband service provider, has invested capital to provide a full range of Broadband services, including High Speed Internet services, in this service area. The applicant's request in the proposed under-served service area would create an overlap in Charter's service area. Charter's response includes the necessary information to validate the overlapping condition as a result of this applicant's request.
