

Broadband USA Applications Database

Applicant Name: DigitalBridge Communications Corp.

_____ **Public Notice Submissions** _____

-----**Service Area:** DBC Marion County

Submitter: Ben Lomand Communications, LLC

Comment: Ben Lomand provides broadband access to almost 100% of its service area overlapping this application; it advertises speed tiers up to 10 Mbps down and has over a 40% broadband penetration rate in all of our service area exchanges. Therefore, Ben Lomand is “serving” all of its service territory including the portion within this application and this application must be denied for proposing a stimulus project in an area that is not “unserved” or “underserved”.
