

Broadband USA Applications Database

Applicant Name: Agavue, LLC

Public Notice Submissions

-----**Service Area:** Cloud Croft

Submitter: Penasco Valley Telephone Cooperative Inc.

Comment: Penasco Valley Telephone Cooperative Inc. is providing an upload document that shows our internet speeds along with pricing. By viewing the Cloudcroft map you will notice that our ILEC area shaded in purple is the area that is served with high speed internet service. We can currently provide ADSL2+ internet to over 90% of the households in this area. The majority of our facilities are provided with the help of RUS loans and would require additional and redundant spending to fund this project.

Submitter: PVT NetWorks

Comment: PVT NetWorks, Inc. currently serves the majority of the Cloudcroft map that has been overlapped by Agavue, LLC. We are currently offering high speed internet with cable modems. PVT NetWorks, Inc. is offering packages up to 3.0 Mbpsz. PVT NetWorks, Inc. leases excess capacity from Peñasco Valley Telephone Cooperative Inc. facilities for backhaul and transport. These facilities were initially provided through RUS loans. The proposed project would require additional and redundant federal spending. Excess capacity may be leased from Peñasco Valley Telephone Cooperative Inc. as a much more financially prudent alternative to duplicate federal funding.

Submitter: Tularosa Basin Telephone Company

Comment: The Respondent has made major capital expenditures to enable the delivery of broadband services throughout its service area. Within the Applicant's proposed funded Service Area the Respondent is capable of providing broadband services to 100% of its customers and advertises that capability. 100% of Respondents customers are capable of receiving download speeds of at least 6.0 Mbps. Over 75% of Respondents customers are served via fiber-to-the-premise; the remaining 30% are provisioned with short copper loops.

-----**Service Area:** Hagerman Tower

Submitter: Penasco Valley Telephone Cooperative Inc.

Comment: Penasco Valley Telephone Cooperative Inc. is providing an upload document that shows our internet speeds along with pricing. By viewing the Hagerman Tower map you will notice that our ILEC area shaded in purple is the area that is served with high speed internet service. We can currently provide ADSL2+ internet to over 90% of the households in this area. The majority of our facilities are provided with the help of RUS loans and would require additional and redundant spending to fund this project.

Submitter: Plateau

Comment: Plateau currently serves the Hagerman and Dexter areas with a licensed fixed wireless service.

Submitter: Leaco Rural Telephone Cooperative Inc.

Comment: Leaco Rural Telephone Cooperative, Inc. has been offering broadband speed data service to subscribers for over 11 years. The area applied for by the ARRA applicant, which falls within the telephone exchange boundary is served completely with high speed internet broadband service.
