**RE: NTIA Implementation Of The Presidential Spectrum Policy Initiative (PSP),
In NTIA Docket 040127027-4027-01**

Dear Ms. Smith and Mr. Schroeder:

On behalf of THE AMHERST ALLIANCE, Nikolaus E. Leggett N3NL and W. Lee McVey, P.E. W6EM, I want to thank NTIA and its staff for responding favorably -- and promptly -- to the first of our requests in a March 17 Motion For The Correction Of Procedural Infirmities. As we asked, the text of the report submitted to NTIA by the Center for Strategic & International Studies (CSIS), entitled “Spectrum Management For The 21st Century”, has now been placed in the publicly viewable record for this Docket.

We urge NTIA to look with equal favor upon the other requests in our 3-party Motion of March 17.

Sincerely,

Don Schellhardt, Esquire
President, THE AMHERST ALLIANCE
