13b. Narrative description any challenges, updates, or changes related to contracts and/or subrecipients.

We received two of the four Band-14 phones from the local FirstNet provider the last few days of the reporting period. At that time we had not yet entered into a contract service agreement but were finalizing the agreement. This is the first pilot product for the provider and services are still being worked out.

As of the end of the reporting period, we have not entered into a contract service agreement for the leased vehicle for local travel but have already sent out an RFP/RFQ and are awaiting the procurement process to be completed and finalized.

The FirstNet phones and tablet services are listed under Other and the leased vehicle is currently listed under In-State Travel, however they both require contracts and therefore we have listed them above in 13a
