11a. Narrative description for each activity reported in Question 11 for this quarter; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any This past quarter's activities involved continued updating of the digital grant files for filing invoices and receipts, further research of the latest technology compatible with the NPSBN, as well as continued research of the latest developments with AT&T/FirstNet. The Center For Disaster Risk Policy (CDRP) at Florida State University (FSU) began the series of workshops to assist county and regional communications staff in developing updated plans to address public safety communications (voice and dedicated broadband data), situational awareness tools, integration of Smart City data and technology, and comprehensive inter-agency data sharing with current and future NPSBN users in emergency and disaster response. These workshops will continue through the end of the year, adjusting the curriculum to fit the needs of participants.
