11a. Narrative description for each activity reported in Question 11 for this quarter; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any additional project

The SPOC position is fully funded by the SLIGP 2.0 grant. The Office of Information Technology Director of Client Technology Services provided Match for this grant for the quarter. Match is also provided by the Office of Information Technology Director of Radio Operations who oversees the state radio network (MSCommNet) as well as administrative staff processing payroll and invoices. For 11.1, no governance team meeting was during the quarter. For 11.2, FirstNetME sent two project representatives to a local technology conference to, in part, listen to a luncheon speaker addressing FirstNet. For 11.3, FirstNetME team members continued outreach efforts as either approved by FirstNet or requested by FirstNet and/or AT&T at the annual Maine Municipal Association Annual Convention (session held), the Maine State Government Digital Technology Summit (luncheon speaker on FirstNet), and the Atlantic Partners EMS training event (session held). Additional activities during the quarter were: FirstNetME conducted a quarterly project review/progress report with AT&T on October 17, 2019 in which national FirstNet participated; FirstNetME presented a project status to the Maine NENA chapter in November and the Maine e911 Advisory Council in December. For 11.11, conversations with stakeholders continued regarding known or perceived gaps in proposed coverage. Also, FirstNet, AT&T, and FirstNetME met to discuss two roadmapping events to be held in Maine in 2020.
