11a. Narrative description for each activity reported in Question 11 for this quarter; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any additional project This is the first full quarter of SLIGP activity to be reported under 2.0 and includes all activity for April - June. We continued to deliver education and outreach information related to PSBN through meetings held regionally. Some of these meetings were held in conjunction with AT&T and focused on the benefits of PSBN to public safety, and AT&T provided content on how subscribers could sign up for service, price, coverage, and devices. Written authorization was requested and granted from FirstNet to conduct these meetings through the FirstNet Regional Lead. Those meetings were held on April 12 in Region A (Warrensburg - 35 attendees), April 19 in Region C (Troy - 32 attendees), May 7 in Region D (Springfield - 44 attendees) and May 9 in Region G (West Plains - 28 attendees). Staff attended and presented along with representatives from ATT and Centurylink at the Missouri Digital Summit to a group of 40 IT and management personnel on June 13. In addition to the regularly scheduled RHSOC / HSAC meetings (9 meetings 305 attendees), a total of 6 other meetings were conducted or presented at, to a total of 220 attendees. We will continue to schedule meetings in the coming month(s) in order to complete delivery to public safety agencies in all nine regions of the state. Those meetings were to be completed in April & May, but due to scheduling conflicts and low interest in some regions, we will try to complete them in the Q3. We expect to establish a means for agencies to be able to report coverage gaps and capacity or loading issues to the state so we can share that information with AT&T and FirstNet. We have also spent significant time working with the Office of Administration and AT&T to facilitate the procurement / enrollment process for FirstNet service and ironing out issues between the two. Additionally, staff will continue to participate in RHSOC meetings in September to maintain a PSBN relationship with local stakeholders. We will be sending 2 SLIGP staff to the 2018 APCO conference in August to obtain the latest FirstNet information available during the conference.
