11a. Describe your progress meeting each major activity/milestone approved in the Baseline Report for this project; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any additional project milestones or information.

We continue to monitor activity surrounding the FirstNet RFP. Outreach continues. Stakeholders were engaged at various events, of which a few examples include a meeting discussing our South Dakota State LMR Digital Radio and future communications for public safety members in our state, presentations at the SOEMA - South Dakota Emergency Management Association conference (with Tracey Murdock) and the Dakota 911 conference (911 Communication dispatchers) (with Bill Hinkle), FirstNet's Draft Programmatic Environmental Impact Statement (PEIS) public meeting, the South Dakota Telecommunications Association conference, and a BIA (Bureau of Indian Affairs) meeting in Rapid City. The FirstNet Tribal Team helped coordinate a "Tribal Tour" which we traveled 1,175 miles and held meetings in all of our tribal areas except Pine Ridge as we had already been there and Standing Rock as they wanted to meet when FirstNet does their North Dakota "Tribal Tour." Our governance council - the SD Public Safety Communications Council (SDPSCC) held their quarterly meeting without much FirstNet discussion as we are in a holding pattern until a partner is selected. We met with consultants to continue discussions to consider having them help analyze our state plan. Observed the Next Gen 911 out over for a county PSAP with the SD state 9-1-1 coordinator. Attended the FirstNet SPOC Webinar to get various updates; listened via phone to the CTT (Consultation Task Team) meeting held in Montana for our region. Our education and outreach materials include, emails, handouts, Twitter (tweets/followers/impressions), Facebook (posts/likes), website sessions. The vast majority of outreach materials distributed was via Twitter impressions as Twitter continues to be the most engaged method for us.

11b. If the project team anticipates requesting any changes to the approved Baseline Report in the next quarter, describe those below. Note that any substantive changes to the Baseline Report must be approved by the Department of Commerce before implementation.

None
11c. Provide any other information that would be useful to NTIA as it assesses this project's progress.

11d. Describe any success stories or best practices you have identified. Please be as specific as possible.

FirstNet's help coordinating with our tribal areas has been a great help in our abilities to provide outreach to them. Also having FirstNet folks (Tracey Murdock, Bill Hinkle) come and present from the FirstNet perspective at various conferences was a big help.

12. Personnel

12a. If the project is not fully staffed, describe how any lack of staffing may impact the project’s timeline and when the project will be fully staffed.

Our staffing is now at the level we expect for the balance of the project.

12b. Staffing Table - Please include all staff that have contributed time to the project. Please do not remove individuals from this table.
