Broadband USA Applications Database

**Applicant Name:** City of Lincoln

_______________________Public Notice Submissions_______________________

-----Service Area: Logan County

**Submitter:** Mediacom Communications Corporation

**Comment:** The majority of households in applicant's proposed service area have access to broadband services well in excess of the minimum speeds set forth in the NOFA. For its part, Mediacom offers speeds up to 20 Mbps to a large number of households in applicant's proposed service area.

**Submitter:** AT&T

**Comment:** AT&T is providing data about its wireline and mobile broadband footprint to assist in determining whether the applicant's proposed service area, which may be part of a larger application and project, satisfies the unserved and underserved eligibility requirements. Additional information regarding other broadband service providers' currently operating in the service area may be needed in order to make a reasonable analysis or a conclusive determination.

**Submitter:** KeyOn Communications

**Comment:** KeyOn Communications currently provides access at speeds of at least 768kbps downstream and at least 200kbps upstream to more than 50% of the homes in the designated area.
