Applicant Name: Vital Communications Group LLC

Public Notice Submissions

Service Area: Roncoverte Head End

Submitter: WVVA.net Inc.

Comment: Part of this applications service area is included in our current area. We have offered service in the area since 2006 and advertised speeds at 3Mbps since then. We have a large customer base there that disqualifies this as an underserved area.

Submitter: Suddenlink

Comment: This response conclusively demonstrates that Suddenlink and its competitors already offer robust broadband service within the mapped area of the applicant’s proposed funded service area and that this mapped area is neither unserved nor underserved. Additional information is provided in the uploaded document, including (1) sample marketing material; (2) a guide on how to read the data we entered in the “Existing Broadband Subscribers” section of this response; (3) a summary of the vendor and methodology used for estimating competitive-service subscribers in the mapped area; (4) Suddenlink contact information, should one or more federal agencies have questions or require additional information; and (5) a summary of concerns with the response process and the limitations that process has placed on our ability to provide NTIA/RUS with relevant, timely data.
