-----Service Area: Northern AZ Expansion

**Submitter:** South Central Utah Telephone Association

**Comment:** South Central Utah Telephone Association ("SCUTA") is a not for profit corporation that provides local telephone exchange, broadband, long distance, cable television and wireless PCS service in portions of Beaver, Garfield, Iron, Kane, Piute, Sevier, Washington and Wayne counties in south central Utah. In Arizona, SCUTA provides these services in the northern portion of Coconino and Mohave counties, north of the Grand Canyon. The Applicant's characterization of all of Coconino county, Arizona as being underserved is incorrect. SCUTA offers broadband internet service with download speeds ranging from 1 to 10 mbps in the service area detailed in the map. Clearly the area is not underserved.

**Submitter:** NPG Cable, Inc.

**Comment:** NPG Cable, Inc. currently provides sufficient broadband access and broadband services to end users and/or end user devices in the Service Area identified by the applicant below. These services provide data rates that far exceed the underserved requirements set forth by BTOP/NITA, in addition NPG’s current wire solution scales to provide data rates that are unachievable through wireless solutions.

**Submitter:** Cable One, Inc.

**Comment:** Cable One, Inc. is a multi-system broadband provider operating in 19 states. Cable One offers residential broadband service with speeds up to 10 MB and customizable commercial solutions with flexible bandwidth offerings from 5Mbps to 1 Gbps. By November 1, 2009, the majority of Cable One systems will also be offering 12 Mb residential broadband service with a 20 MB boost. Cable One provides its subscribers with quality service offerings at competitive rates. Cable One expends substantial capital and resources to ensure that customers enjoy the latest technology and the highest standards of customer service, and has made its customers and its communities its first priority.
Please refer to our supporting documentation and comments that establish that Cable One already operates in census tract(s) encompassing or included in Applicant’s Proposed Funded Service Area. The uploaded document includes maps showing census tracts and homes passed for each the applicable systems, current advertisements for residential and commercial broadband offerings, and subscriber data by census tract.

Submitter: Qwest

Comment: As authorized by the BIP and BTOP Notice of Funds Availability and the Public Notice associated with the publication of BIP and BTOP broadband infrastructure project funding applications found on the BroadbandUSA.gov website, Qwest responds with broadband service data to the
application of WI-VOD Corporation for funding for an area represented as “underserved” that is located, in whole or in part, in Qwest’s broadband service area.

**Submitter:**  Xpressweb Internet Services, Inc.

**Comment:**  This application's proposed coverage area overlaps an area in which we (Xpressweb Internet Services) currently provide service. The applicant has listed Fredonia, Arizona as "underserved", which is incorrect. We currently provide greater than 3 Mbps service there, as does the local incumbent telephone company, South Central Communications.

**Submitter:**  CommSpeed, LLC

**Comment:**  CommSpeed is a Wireless ISP and has been using BRS\EBS spectrum to deliver broadband services into the Williams, Sedona, & Flagstaff area which are included in the proposed funded service area.
