Applicant Name: Standing Rock Telecommunications, Inc.

Public Notice Submissions

Service Area: Standing Rock Telecommunications, Inc.

Submitter: West River Telecommunications Cooperative

Comment: West River Telecommunications Cooperative (WRT) is providing information regarding the number of residential households and business establishments capable of receiving broadband in the area that the applicant's PFSA overlaps the respondent's service area. WRT is also providing information regarding the number of existing customers purchasing broadband service in the area of overlap. In the area of overlap, greater than 50% of households have access to facilities-based broadband service and the rate of broadband subscribership for residential households and business establishments is nearly 40%. WRT also advertises broadband transmission speeds of at least 3 Mbps downstream within the area of overlap.

Submitter: West River Telephone Cooperative Company

Comment: West River Telephone Cooperative Company demonstrates that it provides broadband service throughout the Standing Rock area which is encompassed in the proposed funded Service Area in the Standing Rock Telecommunications application and that the proposed funded Service Area is not unserved or underserved.

As demonstrated, 100% of households in West River's service territory within the proposed funded Service Area are able to readily subscribe upon request to facilities-based, terrestrial broadband services with an advertised speed of greater than 768 kbps downstream and 200 kbps upstream from West River; 100% of the households in West River's service territory within the proposed funded Service Area have access to facilities-based, terrestrial broadband service at greater than the minimum broadband transmission speed as set forth in the definition of broadband; and the rate of broadband subscribership for the proposed funded Service Area is greater than 40 percent of households.
