Applicant Name: Upsala Cooperative Telephone Assn

----------Public Notice Submissions----------

-----Service Area: Swanville

Submitter: diversiCOM- Wisper Wireless

Comment: In mid 2005 we created a company, Wisper Wireless to invest in rural areas using wireless technologies where little or no broadband service was available. Today we are using wireless cutting edge (WiMAX) technology to deliver these services. Initial and ongoing investment dollars are significant. Further, there is a limited amount of households in these markets to support this effort or that are requesting service. As part of this effort we also provide internet classes to our customers to educate them on the basic of internet, web browsing and email. Due to the low population densities we believe sustainable adoption is a more vital tool then putting more providers to cover the same area.
