

Broadband USA Applications Database

Applicant Name: ASIAPACIFIC MATERIALS, LLC

Public Notice Submissions

-----**Service Area:** Marathon-Shawano-Waupaca-Outagamie

Submitter: Charter Communications

Comment: Charter Communications ('Charter'), a broadband service provider, has invested capital to provide a full range of Broadband services, including High Speed Internet services, in this service area. The applicant's request in the proposed under-served service area would create an overlap in Charter's service area. Charter's response includes the necessary information to validate the overlapping condition as a result of this applicant's request.

Submitter: Nsighttel Wireless, LLC (dba "Cellcom")

Comment: Cellcom makes available access to facilities based wireless broadband service at greater than the minimum broadband transmission speed as described in NOFA to more than 50% of the households in the existing service area mapped below. The map confirms that Cellcom's existing service area overlaps with the proposed funded service area, Marathon-Shawano-Waupaca-Outagamie of ASIAPACIFIC MATERIALS, LLC.

Submitter: Frontier Communications of Wisconsin, LLC

Comment: A portion of the applicant's territory is already served by the respondent. 3MG speed or higher is available and advertised.

Submitter: Time Warner Cable, Inc

Comment: As shown in the attached map and exhibit, TWC currently provides broadband Internet access service in the Proposed Funded Service Area. In addition, we advertise service of speeds above 3 Mbps throughout this service area. We pass over 50% of households, and either (1) have actual broadband subscribership of over 40% of the households in these census blocks or (2) the combined broadband subscribership of the wireline broadband providers (including TWC) in these census blocks is

reasonably likely to exceed 40%. Therefore, that portion of the proposed funded service area that overlaps Respondent's service area reflected in this response is neither "unserved" or "underserved."

Submitter: Northeast Telephone Company, LLC (dba/Nsight)

Comment: Upon reviewing the application of Asia Pacific Materials, LLC, Northeast Telephone Company, LLC (Northeast) objects to the applicants identification of the following portions of our service territory as unserved or underserved using the definition in the Notice of Funds Availability.

Town of Angelica - Shawano County

Town of Green Valley - Shawano County

Town of Maple Grove - Shawano County

Town of Oneida - Outagamie County

Village of Pulaski - Shawano County portion

Northeast can provide at least 3 mbps to 100% of our service territory which includes the portions of Shawano and Outagamie Counties identified above.

Submitter: Manawa Telephone Company, Inc.

Comment: Manawa Telephone Company has been serving the Manawa and Ogdensburg areas in Waupaca County, Wisconsin for over a century. Manawa Telephone by the NOFA definitions, is neither unserved nor underserved. Due to the satisfaction of those definitions, no ARRA funds should be awarded to the applicant in this serving area.
