

## Broadband USA Applications Database

**Applicant Name:** CHAMPION WIFI CORP., LLC

---

**Public Notice Submissions**

---

-----**Service Area:** City of Monrovia, CA

**Submitter:** Charter Communications

**Comment:** Charter Communications ('Charter'), a broadband service provider, has invested capital to provide a full range of Broadband services, including High Speed Internet services, in this service area. The applicant's request in the proposed under-served service area would create an overlap in Charter's service area. Charter's response includes the necessary information to validate the overlapping condition as a result of this applicant's request.

**Submitter:** Time Warner Cable

**Comment:** As shown in the attached map and exhibit, TWC currently provides broadband Internet access service in the Proposed Funded Service Area. In addition, we advertise service of speeds above 3 Mbps throughout this service area. We pass over 50% of households, and either (1) have actual broadband subscribership of over 40% of the households in these census blocks or (2) the combined broadband subscribership of the wireline broadband providers (including TWC) in these census blocks is reasonably likely to exceed 40%. Therefore, that portion of the proposed funded service area that overlaps Respondent's service area reflected in this response is neither "unserved" or "underserved."
