General Comment

KCCTech is a USA based RAN Engineering firm focused on providing Wireless (Cellular) Network Infrastructure Services on Conventional RAN to Wireless Carriers (Network Operators) as well as Open RAN Services for Public and Private Enterprise Network owners. We provide Open RAN Lab-As-A-Service for Interoperability, Regression Testing, US/Device Testing & Certification among Open RAN OEM Vendors. Then followed by Network Design, Installation and Deployment, System Integration, Field Testing and Troubleshooting, Tuning and Optimization, Managed Services (Network Operations) for Tier III services.

KCCTech is a proud USA owned and originated company based out of Walnut Creek, CA, USA - operating over 20+ States and expansion plans Globally including Southeast Asia, Central-Latin America and Europe/Middle East proudly driving US interests Globally. We look forward to further collaboration. (info@kcctech.com)
